

unit 1

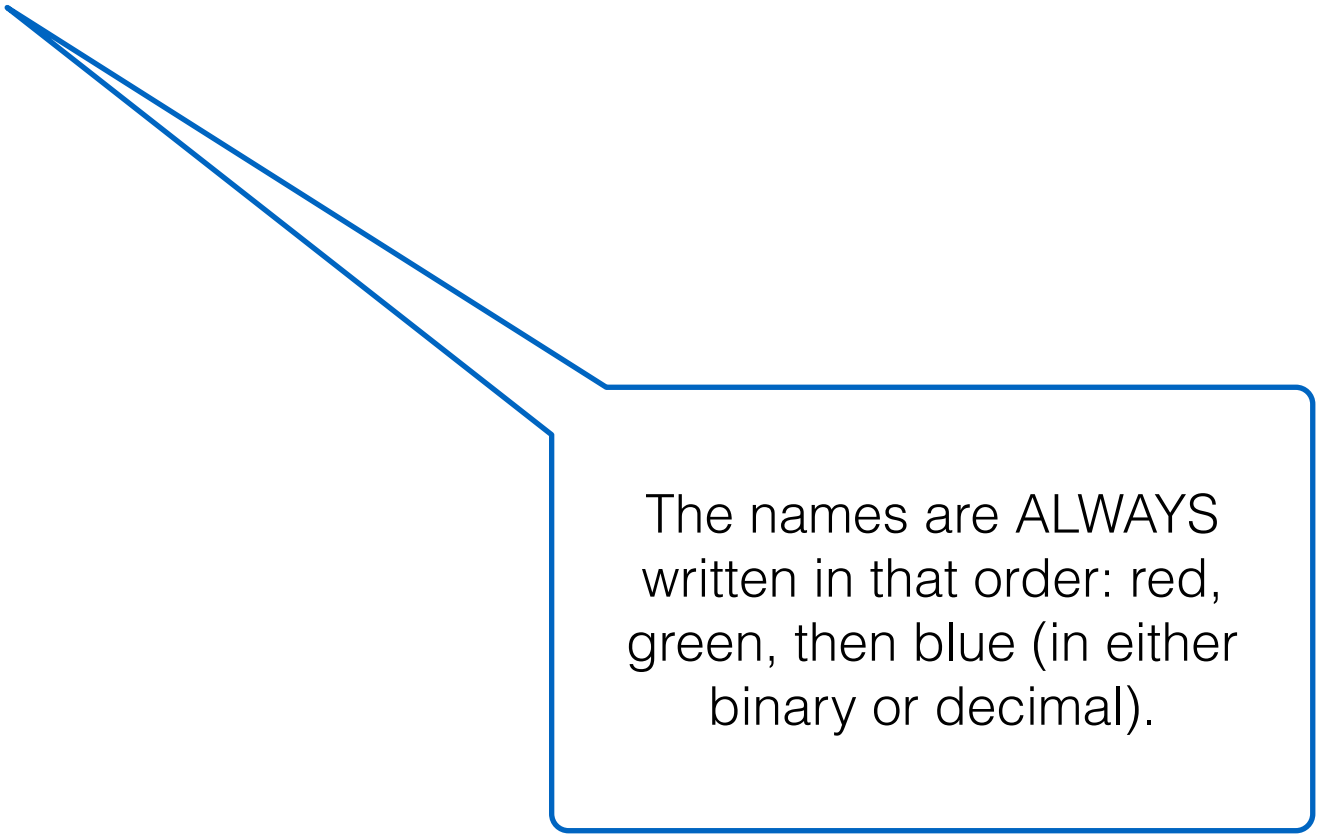

011001100111001100110012

10210

5110

15310

The names are ALWAYS
written in that order: red,
green, then blue (in either
binary or decimal).

unit 1

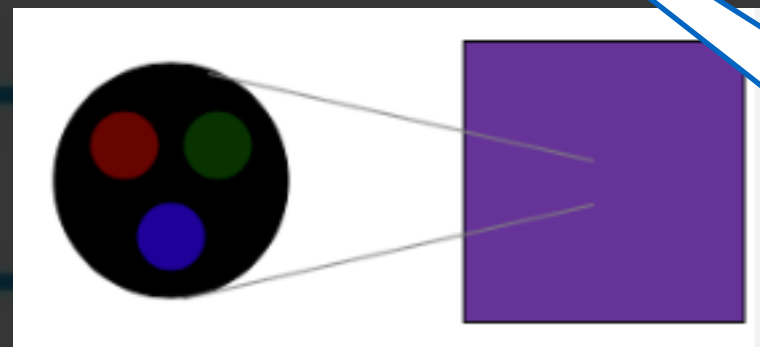

Here's an example:

011001100011001110011001₂

102₁₀

51₁₀

153₁₀

The names are ALWAYS written in that order: red, green, then blue (in either binary or decimal).

Remember that image made from four-color pixels (2-bit names)?
