Movement commands:

```
bob.forward(100)
bob.backward(40)
```

Rotation commands:

```
bob.right(45)
bob.left(180)
```

Pen commands:

```
bob.penup()
bob.pendown()
bob.pensize(2)
bob.color('red')
```

Writing commands:

```
bob.write('stuff')

size = ('',24,'')
bob.write('bigger', font=size)
```

Extra commands:

```
bob.reset()

turtle.bgcolor('red')
```

Filling commands:

```
bob.fillcolor('green')
bob.begin_fill()
#some code to draw a shape
bob.end_fill()
```

The color you want to fill with (optional)

Give the turtle "heads up" that it will fill what comes next

Actually do the fill

Fact: The filling instructions must be written in the order presented above!
